Freshness guaranteed!

All raw nuts are vacuum-packed in individual pouches after processing. By removing oxygen, the texture, flavour and nutrients are preserved in their original and healthiest form. In this way, we guarantee the best product quality until the bags are opened by the customer.

Organic and Fairtrade is in our DNA!

We are committed to 100% transparency throughout the supply chain. We know our producers and have direct, close and long-term relationships with them. This includes providing agricultural and organisational support, pre-financing harvests and setting up local processing facilities.
